

**REMARKS**

Claims 1, 7 and 9 have been amended. Claim 5 has been canceled. New claims 12-17 have been added to further protect the invention.

The Examiner is thanked for the indication of allowable subject matter in claims 3-5 based on the lack of disclosure of average particle size near the range of that of the red color light emitting fluorescent material or the range of that of the green color light emitting fluorescent material as claimed. Further, during a telephone conference between the Examiner and the undersigned attorney on September 22, 2005, the Examiner acknowledged a lack of disclosure of average particle size near the range of that of the blue color light emitting fluorescent material as well. In view of the above, the present amendment is believed to render moot all the rejections under 35 USC §103(a), and there are no other outstanding rejections or objections. Therefore, allowance is requested.

In particular, claim 5, directed to the range of average particle size of the blue color light emitting fluorescent material, has been canceled but rewritten in independent form as amended claim 1, and claims 3 and 4 depend therefrom.

***AMENDMENT***

***(10/764,514)***

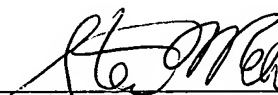

Further, originally independent claims 7 and 9 have been amended to depend from claim 1, with the common limitations to claim 1 deleted. Moreover, the above distinguishing features regarding the ranges of average particle size of the red color light emitting fluorescent material and the green color light emitting fluorescent material are separately specified in new independent claims 12 and 15. New claims 13 and 14 are like amended claims 7 and 9 but depend from claim 12 and new claims 16 and 17 are like amended claims 7 and 9 but depend from claim 15. For these reasons, independent claims 1, 12 and 15, and depending claims 2, 3, 4, 6-11, 13-14 and 16-17, are deemed clearly to be allowable over the prior art of record.

Based on the above, it is submitted that the application is in condition for allowance and such a Notice, with allowed claims 1-4 and 6-17, earnestly are solicited.

Respectfully submitted,

September 29, 2005
